FRONT END DEVELOPER – CODE KATA

REQUIREMENTS

1. Create a single web app page following these guidelines:
    a. Use of at least one of each of the different types of media resources included in the Dropbox: https://www.dropbox.com/sh/5puui1kuczcbv34/AABvz10XU8wJZwg8CR-Krf8Da?dl=0
    b. Include responsive buttons
    c. Create a design that is visually appealing and easy to understand for the user
    d. The page must convince the user to take one clear action (for example, apply now, give now, sign up, register, buy tickets, upgrade)
    e. Include an external java script package and implement some of its features
    f. Upload solution to GitHub
2. In response to this email, with your solution, explain how you would integrate your solution with Drupal 8.
